

## Dental Acute Medicine Formulary 2025

**This formulary applies to the Acute Medicine Benefit for Horizon Hospital Plus Network Plan, Moto Health Care Custom and Essential, Pick n Pay Primary Option and Wooltru Network Option**

Reference pricing is applied. Patients are advised to discuss the availability of less expensive generics with the pharmacist at the point of dispensing.

The examples below serve as a guide to the prescriber. Listing of a particular product does not guarantee that a reference price will not be applied.

If a product is dispensed that is more expensive than the reference price, the patient will need to pay the difference in price at the point of dispensing.

Quantity limits apply to some items on this formulary. Quantities in excess of this limit will need to be funded by the member at the point of dispensing, unless an authorisation has been obtained for a greater quantity.

The formulary is subject to regular review. The formulary may be updated and changed when new information becomes available, prices change or when new medicines are released.

While every effort has been made to ensure that products listed are available on the market, it is possible that some products may be discontinued by the manufacturers during the course of the year. Should this be the case patients are advised to discuss alternatives with the pharmacist or the prescribing doctor.
